\*Must be accompanied by a child if you are over this height. \*\*This ride may not accommodate guests of exceptional size. Enter via exit to ensure the restraints function properly prior to waiting in line.

**WARNING** – Many rides at Canada's Wonderland are dynamic and thrilling. There are inherent risks in riding any amusement ride. For your protection, each ride is rated for its special features, such as high speed, steep drops, sharp turns or other dynamic forces. If you choose to ride, you accept all of these risks. Restrictions for guests of extreme size (height or weight) are posted at certain rides. Guests with disabilities should refer to our Ride Admission Policy available at Guest Services. Participate responsibly. You should be in good health to ride safely. You know your physical conditions and limitations, Canada's Wonderland does not. If you suspect your health could be at risk for any reason, or you could aggravate a pre-existing condition of any kind, DO NOT RIDE!

**RIDE SAFELY** – The Ontario Technical Standards and Safety Authority Act, 2000, Amusement Devices Regulation (O. Reg. #221/01), requires that riders obey all warnings and directions regarding any ride and behave in a manner that will not cause or contribute to injury to themselves or others. You can be charged under the Act if you fail to follow the rules for riding safely.

**SUPERVISING COMPANION** – Is someone who meets all the requirements to ride the ride themselves, is 16 years of age or older, is able to assist the child they are accompanying, and demonstrates appropriate observed behavior. Height, weight and age requirements subject to change. Please refer to the signage at each ride entrance for current requirements.

## Attraction Rating System

- 1 Low Thrill Ride** - Rides that are generally calm and gentle in nature.
- 2 Mild Thrill Ride** - Rides that generally have low speeds with gentle motion and braking. Rides have smooth transitions with some changes in elevation and speed.
- 3 Moderate Thrill Ride** - Rides that generally have low to medium speeds and/or heights with moderate motion and braking. Riders may encounter unexpected changes in direction and/or speed during portions of the ride.
- 4 High Thrill Ride** - Rides that generally have medium to high speeds and/or heights with moderate to rapid braking. Riders may encounter unexpected changes in speed, direction and/or elevation.
- 5 Aggressive Thrill Ride** - Rides that generally have one or more of the following: high speeds and/or heights, aggressive and unexpected forces, and rapid directional or elevation change. Riders will encounter many unexpected rapid changes in speed, direction and/or elevation.

**NOTE:** Thrill rating descriptions for Splash Works attractions differ slightly and may be found at the Splash Works entry gate.
